PLANNING COMMISSION HEARING REQUIREMENTS

1) Number of paper copies of plans required:

- 10 Total**
- 3 Full-size (minimum 1"=50')**
- 7 Reduced (11" by 17")**

The paper copies should be collated, folded & stapled.

Site Plan Checklist Summary

- (a) Site Plan including adjacent lot lines, buildings, parking and drives
- (b) Landscape Plan showing existing/proposed vegetation and any mounding
- (c) Grading Plan including existing/proposed topography
- (d) Storm Water Management Plans
- (e) Legal description [for amendments to the Zoning Map]
- (f) Lighting/Photometric Plan
- (g) Building Elevations with exterior material notations
- (h) Other features necessary for the evaluation of the development plan as deemed necessary by the Planning Director or Planning Commission. (Requirements may be waived by the Planning Director depending on the nature of the application)

2) Digital Version of Site Plan and Other Information Required:

- (a) CAD files* of site plan, grading, landscaping and utility information
[DWG format, AutoCAD 2000 version or newer]
- (b) PDF files of the proposed building elevations and the plans noted above.

Please email files to: sgibbons@stow.oh.us and / or rkurtz@stow.oh.us or submit on CD.

3) Rezoning Requests will require a legal description of the property.

***CAD file requirements**

*CAD file(s) should be internally registered in the following coordinate system:
NAD 1983 STATEPLANE OHIO NORTH FIPS 3401 (FEET).*

The City of Stow can provide parcel data with which to geo-reference CAD files.

Within the drawing, each layer should contain exactly one type of feature or element, and all related features should be on that layer. For example, all sanitary manholes should be on one layer, and sanitary lines on another. Layer names should be descriptive – soil, stormMH, 10ftContours, not 1,2 etc.)

Non-geographic features (borders, arrows, etc.) should be on a separate layer. File names should accurately reflect file contents; for example, Landscape.dwg rather than 345-CLS.dwg.
